PUBLIC FORUMS

OPEN: WARDS 1 & 2	Open forum to take questions from the floor with regard to services.
ALL CIVIC: HOW IT ALL WORKS TOGETHER	Civic organizations serve an important part of a city's heartbeat. It is important that everyone understands the differences in the roles of the groups and the city and where/how we can help each other.
COMMUNITY DEVELOPMENT	There is a challenging balance between the city services provided and the regulatory arm of the city. The goal for this session is to explore better ways to meet that balance together.
OPEN: WARDS 3,4,5	Open forum and takes questions from the floor with regards to services.
AIR CENTER/ECONOMIC DEVELOPMENT	The city's General Fund budget is approximately 42% GRT and the Air Center continues to be considered as an important economic driver for the city and the region. Along with our partners in Economic Development, the Chambers and Mainstreet, we will discuss what we can do in the short term and long term to increase the economic vitality of the city.
ENTERPRISE FUNDS	Our Utilities (Water and Sewer) and Sanitation are key services provided by the city. These services are managed by professionals committed to providing quality service and paid for by utility fees. This infrastructure wears out over time and plans to replace and upgrade are always in the works. We will discuss the goals and plans for these important services and what remains to be done.

The City of Roswell cares about your opinions and we encourage you to participate with us in a community outreach effort featuring Public Forums throughout the city. The forums are designed so the City Manager can hear directly from the citizens of Roswell. We want to hear your concerns and we seek your ideas regarding how to work together to make our community a great place to work, live and play. Join City Manager Joe Neeb at any of the forums. Your suggestions and input are valued. We want to hear from you.
