**A RESOLUTION ESTABLISHING AIRCRAFT LANDING AND
PARKING CHARGES FOR THE ROSWELL INTERNATIONAL AIR CENTER**

WHEREAS, the City of Roswell may provide a fee structure for aircraft use of facilities and services furnished at the Roswell International Air Center (RIAC).

NOW, THEREFORE be it resolved by the governing body, the City Council of Roswell, New Mexico:

1. That there is established a landing charge to be levied which is based upon the Maximum Certified Gross Takeoff Weight (GTW) of any category, class or type of aircraft while actively engaged in use of runways and taxiways of the RIAC airport.
2. That the landing charges apply only to commercial aircraft using the RIAC airport facilities not otherwise subject to RIAC rental charges. Commercial aircraft as defined herein are those aircraft deriving revenue through the direct use of an aircraft engaged in, but not limited to, storage, charters, fire fighting, freight, passengers and mail. In addition to landing charges commercial aircraft parked overnight are subject to a parking charge.
3. The landing and parking charges for each commercial aircraft not in a hangar will be administered and collected by the office of the Air Center Manager at the following rates:

GTW will be charged \$0.50 per 1,000 lbs. unless otherwise negotiated by and with the Air Center Manager. Negotiations may take into consideration the number of landings made by an aircraft, fuel purchases and the impact of the aircraft operation upon the local economy.
