

# City of Roswell SOLID WASTE DEPARTMENT GRAPPLER TRUCK ROUTE MAP

Holidays, equipment downtime and bad weather may cause delays to the scheduled grapple bulk pickup service at times. However, the department is committed to returning to the established schedule as soon as possible. Residents should have their bulk items in the alley for the grapples the weekend prior to the scheduled week on the map. If items in your alley haven't been collected in accordance with the map, please call the Sanitation office (624-6746) so we can provide you with an estimated pickup schedule.

## Map Legend
